# GREETINGS

Here's hoping you had a very successful 1935 season and that your Dahlias may be even better in 1936. Don't forget the smaller sized Dahlias when ordering. Many Dahlia fans are finding great satisfaction in their beauty.

Late ordering often leads to disappointment. Order early; it will help both the buyer and the seller.

Don't forget, all Dahlias listed are grown by me, and when my stock is exhausted no others will be purchased to fill orders.

All my Dahlias are grown without forcing. This means more to the purchaser than most people realize.

You will find many of the new 1935 and 1936 Dahlias listed in this catalogue, but the beginner should not forget that the older listed Dahlias are the best of the very many Dahlias placed on the market in former years. The others have not been worth saving. High price does not necessarily mean the best.

Send to me the names of your Dahlia friends, and for each order I receive from them I will allow you to select a generous amount from my catalogue. Several of my customers are to make such selections this year.

Visitors always welcome. Be sure to come during September and October to see the flowers in bloom.

All stock guaranteed true to name and all roots to grow. Stock proving otherwise will be gladly replaced. I do not substitute.

Postage paid on all orders of One Dollar or over.

Cash with order. Stamps accepted on the smaller orders.

Roots shipped after April 1st unless otherwise ordered.

Plants shipped after May 15th; twenty-five cents extra for Special Delivery on Plants is good insurance.

No Dahlia Plants shipped outside the Japanese Beetle Zone after June 15th.

BENNETT K. MATLACK.
